

DIMENSIONAL SIGNAGE IS THE PERFECT WAY TO BRING YOUR BRAND TO LIFE. ATTRACT THE ATTENTION OF YOUR FANS OR CUSTOMERS BY ADDING DIMENSION TO YOUR LOGO. TAKE ADVANTAGE OF DIFFERENT MATERIAL OPTIONS LIKE WOOD, PVC PLASTICS, METALS, AND ACRYLICS TO MAKE YOUR DIMENSIONAL SIGNAGE POP.

DIMENSIONAL SIGNAGE ISN'T JUST FOR LOGOS! USE DIMENSIONAL SIGNAGE ANYWHERE YOU WANT TO CAPTURE ATTENTION AND ADD VISUAL APPEAL. THESE CUSTOM SIGNS CAN BE USED TO SHOWCASE A RECOGNITION DISPLAY OR TO DIRECT FANS TO CERTAIN AREAS OR ATTRACTIONS.

DIMENSIONAL SIGNAGE

THE THIRD DIMENSION

Our on-site CNC router allows the CGS Creative Team to think and create in 3D to give your signage exciting dimension! Dimensional signage can be installed to almost any wall surface in your facility.

We have the latest state-of-the-art technology available today for direct to substrate printing. CGS has the capacity for super fast turnaround for your orders, and with a variety of solid solutions for your individual projects. With the ability to print high quality white inks, we can provide direct printing for acrylic displays, aluminum signs and displays, coroplast, card stock, PVC board, polystyrene, foam core, wood, and much more.

Dimensional Substrates: Coroplast (Yard Signs), Styrene: .020, .030, .040, Dibond: 3mm, 6mm, PVC White & Black: 3mm, 6mm, 12mm, 1", 1.5"

TO ADD AN EXTRA ELEMENT,
CONSIDER L.E.D. BACK
LIGHTING TO BRING YOUR
CUSTOM SIGNAGE TO AN
EVEN HIGHER LEVEL.

WE DO IT BETTER FOR LESS
